B businessmen are operating a business in a company. Why

01. q. “

businesses have certain advantages. Firstly, they

can control their own destiny, they can make decisions

based on their own interests, and they can be

satisfied with their own success. Secondly, they

are not dependent on others, they can

operate independently, and they can

achieve success on their own.

" ( senator 10

q. Are business firms an essential

component of the national economy?

( senator 10

02. q. "

businesses in the market."
